About the Conference

The International Conference on “Emerging Trends in Management” at Mangalayatan University, Jabalpur brings together thought leaders, academics, industry professionals, and researchers to explore and discuss the latest developments shaping the field of management. This conference serves as a platform for sharing insights, fostering collaborations, and addressing the challenges and opportunities in contemporary management practices. This International Conference encapsulates the essence of exploring and understanding the transformative trends that are reshaping the field of management.

Objectives of the Conference

Conference aims to achieve the following objectives:

- To provide platform to academicians, researchers, industry experts and practitioners to engage in meaningful discussion.
- To give space to the multi-disciplinary fields who would otherwise run in parallel world yet comprehend to be rooted within the similar space of science of technology.
- To present a platform for discussion of latest research and results of experiments related to the theme.
- To provide an opportunity to intellectuals working in different domains to explore their ideas together that will utilize the nuances of Science & Technology for the mental well-being of society.
- To make sure that the research presented in the conference reaches as many people as possible.

Call for Papers

The International conference invites papers on the following themes but not limited to:

- Innovation and Technology in Management
- Global Perspectives on Management Trends
- Agile Leadership in Dynamic Environments
- Sustainability and Corporate Social Responsibility in Management
- Digital Transformation and Industry 4.0
